

ESL Teacher

A. Reading

Mrs. Sanchez is an ESL teacher. She works in the computer lab at an adult education center. She is seven months pregnant with her first child.

Mrs. Sanchez is worried because her husband started a new business, and it is not making much money. They have been using her income to pay the bills, but it isn't enough. They can't afford to pay for health insurance much longer.

Her husband wants her to take three weeks off work after the baby is born and then look for a full-time job with health insurance. Unfortunately, there are only a few full-time ESL teaching jobs. Most ESL teachers are hired part-time, and they don't have health insurance.
