Example questions:

Predictions survey

1. Do you think it'll rain tomorrow?

2. Do you think you'll get grade A this term? How many?

3. What will you do this weekend ?

a) study for exams b) go shopping c) sleep d) other

4. Do you think you'll work for a big company? What company?

5. Do you think you'll buy a car next year? Why/ Why not?

Choose questions from above or write 5 of your own survey questions below. Then talk to 5 students &

write their responses. Try to get students to answer with words such as *certainly, probably, might* etc.

Predictions Survey	Student 1	Student 2	Student 3	Student 4	Student 5
1.					
2.					
3.					
4.					
5.					

Write a short report after you have talked to five people.

For example: *Everyone thinks it will certainly rain tomorrow. Some students said they might get Grade A this term. A few students said they will probably study for exams this weekend. One student said .... etc........*
