My Favourite Film

My favourite film is called "The Duellists". It is about a French soldier in the 19th century.

He has an argument with another soldier and they fight a duel. Nobody wins. In the film, they meet a lot of times and have a lot of fights. It is very exciting . They have their last duel when they are old.

The film was directed by Ridley Scott who also directed "Gladiator". It stars Harvey Keitel and Diana Quick. I like this film because it has a great storyline and beautiful photography. I really recommend it.
