Short dialogues: doctor patient

1. Where does it hurt?
   Well……………………

2. You can see on the x-ray the bone is broken here.
   What are my options?

3. What are these for?
   How many and how often do you take them?

4. How are you feeling?
   Does it hurt when you lift it?

5. What happened?
   How many patients are there?

6. Why do you need to do this?
   Would you like to try to stand up?

7. What's his temperature?
   Are there any other symptoms?
